

Dr. Dan, the Baby Whisperer

Wellness House Northampton

Dr. Dan Garfield, D.C. has been specializing in gentle touch chiropractic working with infants and pregnant women since 1990. Dr. Dan works to bring ease into your baby's brain and nervous system and create effective communication between them.

How can Dr. Dan support you and your baby?

Helping your baby recover from tongue tie / lip tie revisions

Recovery from challenging / difficult births

Birth trauma experienced by mom or baby

Asynclitic head issues

Latch and other issues coordinating suck and latch

Low back pain for mom

Pelvic floor changes / challenges for mom

Anxiety

27 Brewster Court 1L, Northampton, MA 01060

The healing power of the body is unleashed when a chiropractor reduces stress in the nerve system. Your child can then respond effectively to physical, emotional and chemical stresses such as germs, toxins, upsets and falls.
